Shipping and Japanese Lesson:

さやあん

杏さや

The kanji for Kyouko's name is commonly misread as Anko. Because of this fact it has become her fan given nickname in the East. This happened due to the character names first being released through a magazine article so no one heard her name spoken and it could not be confirmed how it was officially pronounced.

Kyouko - 杏子
Anko - あんこ, 杏子
Sayaka - さやか

While it is not a rule, on occasion people will refer to a pairing differently based on who has the dominate role in the relationship, and have their name come first in the acronym. For instance KyouSaya (杏さや) may be referred to as SayaKyou (さや杏) or SayaAn (さやあん) if Sayaka is playing the dolomite role. There is no actual difference between SayaKyou or SayaAn, it all depends on what the person speaking feels like using.

Lastly, Kyou (杏) are apricots.

Sayaka, even though I have to protect you...
Even though I chose to stay by your side...
I was scared that even if we apologized and made up, I'd just end up hurting you again.
I was regretting letting you go all week.
Really, I was never planning on yelling at you or anything.
But
more than that
I realized that not having Sayaka near me,
Without you, Sayaka... I...
I'm sorry that this came so late.

Kyouko...

Bluuusshhh
Kyouko!
Uwehh~ This is embarrassing.
No, I'm the one who should apologize.
You said you want to protect me, right?
So, when we're worried about something, we'll worry together, and when we're reflecting on things, we'll reflect together.

I'm not gonna let you shoulder this alone, Kyouko.
Sayaka, you don't e to—
No, that's not true.
let's do something to remember our make up by.

It's all right.
Should you really be doing this out of the blue...?
Swish
Sayaka,
Turn around.
I really am
Yeah.
no match for her, huh...

We won't see past ourselves. Only focusing on our own and each other's loneliness.. Yet too crippled by pride to act on it.
When we're obstinate to each other and act all high and mighty, we can never be honest with our feelings.
If you and I match like this, it might show better that we're partners.
Eh? You and me, partners?
Boom
We're just so awkward!!!
The both of us!!!
Sob
Can't really argue...
Uuu...

It's okay for me to feel this loved, right?

It was such a miracle. Suddenly getting soaked, having all those roads shut down...
It's like I only got here today by the grace of God or something...

Well, just this once, I oughta go and thank everyone...
Thank who?
Nah, it's nothing!
Y- yeah, seriously! You know Kyouko, if we'd made up a day later I would have turned into a witch!
Don't be so grim, okay?
Well, sure. Miracles and magic are real, after all.

You Pervert! !!!!
Wait, don't say that just to start stripping me!!!
Strip Strip
That's 'cuz you came over without any warning! !!!
You didn't leave me any other clothes, so of course...
Wah, Sayaka, you're almost naked down there!!!
We have to stop here, ^p^ any further and (rest ommited)

The Day After
Ahhh...
Sayaka went and ate my taiyaki.
I was looking forward to it, too.
By the way, what were you two even fighting about?

That kind of thing happens sometimes.

A Concluding Report Over Kyouko's Butt, Thighs, Thigh-highs, and Certain Other Matters

I like Kyoko-chan's butt. To be more precise, I love her thighs and her thigh-highs. To be even more precise, seeing those thigh-highs framing her butt from a low angle is a phenomenal feeling. She may be slender, but she's unbearably erotic. By the way, this is all nothing but a wild delusion.

Her armpits are wonderfully sexy too. Seeing Kyouko-chan and Sayaka-chan both from the side turns them into such an erotic yet sickeningly sweet couple.
She isn't wearing a bra. Therefore, when drawing magical girls, please allow their (nipples) to show through their clothing.
※This will be on the test
Fundamentally, Kyouko-chan wouldn't wear these, but as this is a wholesome, SFW story, I made her wear them. Of course, panties are fine, too. AnPan! AnPan! (I want this to catch on.)

It is forbidden to disturb even a single pixel of this area. This lovely blossoming is essential for the whole piece.

The peace has ended! What could have happened...!
It appears I made this couple have a fight. It's too bad there ended up being fewer lovey-dovey parts than I first thought there would be... Still, it was a lot of fun being able to draw some Homuura, Madoka, and Mami, as well as Sayaka-chan in a sweatshirt and a squeeing Kyouko-chan rolling around on the floor like a middle school boy. KyouSaya has a feel that's sweet as apricots, so I thought it would be best if they both felt the other wanted to be protective!
I normally put short works up on pixiv, but since this is my first longer story it was quite difficult. Still, I managed to power through it! Kyouko-chan would have been lazy and just given up! Probably!
I'm sorry for demolishing Madoka, Homura, and Mami's characters... However, people love that sort of freedom! I really like the idea of Madoka-chan giving a dark cackle of "uweehehe"!
I have also been chosen again to do the announcement illustration for this year's event. Kyoto! Spring! Sakura Kyouko! No, I wrote that wrong! Sakura blossoms!
There's also an opportunity to participate in this event, so please raise your voices and shout that you believe miracles and magic are real!
Again, it was truly thanks to the help of countless others that this book came to publication. I'm truly grateful for each and every one of you, and I'm realizing again and again how fortunate a person I am. You all have my sincerest thanks.
Should you find me at another event, let's get along well there, too!
Now then, may KyouSaya be forever happy!
A Certain Day in March, while enjoying Madoka Portable and longing for a sequel.

-Gumichoco

Conclusion: Kyouko-chan is cute.

I'm looking forward to taking a peek at the Kyouko-chan figure.
Ah! Congratulations on the 1/8th Kyouko!
I thought they wouldn't release anymore, so this makes me so wonderfully happy!
I want to worship her from a low angle soon!
It's... okay to release even more figures, right?
